Chairman Daniloff announced that an Executive Session was held on March 27, 2017 at 5:00 PM to discuss a personnel matter.

Chairman Daniloff stated that the one topic on the agenda for the session was continued discussion of the Regional Police Intergovernmental Agreement (IGA) Issues and Inconsistencies. Chairman Daniloff noted that the Township Manager, Stacey Kifolo, had been charged with providing a review of the IGA as a result of the implementation problems experienced due to the agreement's numerous issues and inconsistencies.

Township Manager Kifolo noted that her working notes are the result of implementation issues, as well as numerous conversations with Supervisors and Solicitor Matson regarding the language of the IGA. Several of the implementation issues and agreement inconsistencies were highlighted, including a few hypothetical scenarios to illustrate the potential for future problems if the agreement is not corrected.

Motion by Supervisor Baylor for Township Manager Kifolo to provide her notes to the Lewisburg Borough so they are aware of the IGA issues and inconsistencies. Motion died for a lack of a second.

Motion by Supervisor Baylor for Township Manager Kifolo to put together a list of questions about the IGA to be sent to the Lewisburg Borough so that they don't have to work on an analysis of the agreement. Motion died for a lack of a second.

Chairman Daniloff noted that the Lewisburg Borough cancelled the last subcommittee work session that was planned in February. The Township was informed that the Borough would get back to the Township following their February 21st Council meeting. Since the Borough has not contacted the Township regarding continued engagement to discuss the IGA, Township Manager Kifolo will contact the Borough Manager to find out if the Borough will be joining the Township in its continued efforts to correct the flawed agreement.

Motion by Vice Chairman Schumacher and seconded by Chairman Daniloff to adjourn at 6:57 PM.
